

## **Passionate about community arts? Trinity needs you!**

The **Trinity Centre** offers a diverse range of arts projects, innovative training, high-quality resources and great gigs.

We're planning for the future and we want local people to get involved. Would you like to be a member of **Trinity Community Arts**, start a young people's council group, or become a new director?

### **Become a member**

Our members come from a wide range of communities and groups. The basic requirement is a desire for Trinity's success - and to give a bit of time to make it all happen. As a member you can:

- steer the work of Trinity, via management and working groups
- help train others in music and the arts
- organise fabulous community events, or steward at gigs
- gain and share time credits to access resources and other's skills
- or just get busy with a paintbrush.

### **Start a young people's council group**

We want young people to help steer activities at the Centre. Like members, you can get involved with gigs or volunteering, be the voice of your community, and represent what other young people want to see happen at the Centre.

### **Become a director**

Trinity also welcomes motivated new directors - to develop our strategies and shape our activities. You might have skills in fundraising or finance, arts or general management, human resources, training, or legal or other skills to complement the team.

If you'd like to get involved reply by email [info@3ca.org.uk](mailto:info@3ca.org.uk), by end June 2008. Please include your name, phone number and postal address. Or call 0117-935-1200 for an informal discussion.

**Our AGM is on Sat 19th July from 6pm at the Trinity Centre  
to welcome new members, and nominate new directors  
Then we'll have a party to celebrate**

**We look forward to welcoming you into the team**
